TROPHIES PRESENTED.

At the close of the matches, Mr. P. T. Lambie, as Chairman of the Committee of the Civil Service Cricket Club, welcomed the visitors and expressed the pleasure of his Club in having the finals of the open championships played on their rinks.

Inspector Kent, Chairman of the Lawn Bowls Association, referred to the generosity of Messrs. Watson & Co., in presenting four replicas of the Spey Royal Cup which he called upon Mr. Tarrant, of Messrs. Watson & Co., to present to the winners—the Kowloon Bowling Green Club.

Mr. Tarrant alluded to the willingness of Messrs. W. and A. Gilbey to offer a Cup for some local sport, and as it was left to him to decide to what sport it should be given, he had no hesitation in offering it on behalf of Messrs. Gilbey to bowls. He asked Mrs. Gow to present the Cup to Mr. F. T. Farrell as President of the Kowloon Green Bowling Green.

Mrs. Gow also presented the championship prizes as follows:—
Open Championship (Singles).—Mr. Cullen (prize presented by Mr. D. Gow); runner-up, Mr. Wetherspoon (prize presented by Mr. A. Stevenson, Dairy Farm); third and fourth prizes, Messrs. Gregory and Shellshear (prizes presented by Mr. G. M. Shaw).

Open Championship (Doubles).—Messrs. Russell and Wallace (Taikoo) (prize presented by Mr. M. Manuk); runners-up, Inspectors West and A. Clark (Police) (prizes presented by Mr. K. S. Morrison).
Rink Competition (Runners-up).—Messrs. Goldenberg and Brown (prizes presented by Mr. J. E. Ross).

Three cheers were called for Mrs. Gow, to whom Inspector Kent presented a vase of flowers as a souvenir. Mr. Gow suitably replying on behalf of Mrs. Gow.

SOUTH CHINA v. KOWLOON.

Kowloon, playing without Austen,
went down to South China before a
large crowd on the Garrison ground at
Sookunpo. Previous to this game,
Kowloon had obtained full points in
the league and from the former showing
it was fully expected that they would
win this game. How one man can
make or break a team was in evidence
on Saturday for the Kowloon front line
could not get working and South China
were masters of the game throughout,
except in the closing minutes.

South China kicked off and were early
attacking, but the defence of Kowloon
was sound. Players on both sides
appeared nervous and showed little
control over the ball. Taylor was con-
tent to get rid of the ball at the
earliest possible chance, while
McBride and Hayes more often were
among the halves and not in position
when the ball came well up from the
kicking of Read and Wheeler. McKelvie
and Turner tried hard to get the for-
wards moving, but the latter waited
for the ball to come to them and were
easily beaten by the fine halfback line
fielded by South China. Halftime, no
score.

From the restart, South China attack-
ed and Wheeler cleared shots from the
right. Mason sent over, but Chan So
cleared.

The South China right wing gave
Duncan a busy time, showing nice
speed, and Chuen Kuen Cheung was
master of the position at all times.
Wong Pak Chong did well in the open
but failed to take advantage of good
wing play, his shooting being wild.
Suen was prominent in the attack and
the only one to trouble Vickers.

Kowloon then took up the attack and
Mason sent in a fast drive, missing by
inches. Suen got the better of Turner
and going in ended up wide. A free
kick against Duncan, for hands, in
midfield, led up to the only goal of
the match. Leung Yuk Tong taking
the kick sent up the line to Cheung
Kum Chuen and the latter dropping
the ball across, it was met by Suen Kam
Shun, who gave Vickers no chance, the
ball safely resting in the net amidst
wild applause from the Chinese present.
Kowloon again took up the attack, but
found Chan So and Ng Kam Chuen on
top of their form. Lam Yuk Ying sent
well up and Chan Kwong Lu forced a
corner; Turner got the ball away, fol-
lowing the flag kick, Ng Kam Chuen
miskicked, in attempting to clear a
forward pass by McKelvie, but the
Kowloon forwards were looking on when
Ng recovered and cleared. A foul
against Read, just outside the penalty
area, looked dangerous for Kowloon, but
Vickers tipped over the bar from a fast
rising shot by Suen. The corner kick
was well placed, but Wong brought
relief by sending over the bar. Kow-
loon then put on pressure but shooting
was wild. Ng Kam Chuen, in attempt-
ing to clear a pass from Cavellie to the
left wing, turned the ball behind his
own goal line and for a time the Kow-
loon supporters raised hopes which be-
came more definite as Leung Yuk Tong
pulled the ball down in the penalty area
following a well placed flag kick by
Mason. Their hopes died away however
when Lau Hing Cheung stopped the
shot from the spot kick and when
Taylor returned wide.

Kowloon returned to the attack and
a fast low drive almost got home from
Mason, Lau with a fine effort just
turning the ball round the post. Mason
put behind from the flag kick just as the
whistle sounded for a goal to nil, a success
which they fully deserved.

The team:
Kowloon—Vickers; Wheeler and Read;
Turner, McKelvie and A. Duncan;
Taylor, McBride, Cabille, Hayes and
Mason.

South China—Lau Hing Cheung;
Ng Kam Chuen and Chan So; Leung
Yuk Tong, Wong Shiu Wa and Lam Yuk
Ying; Chuen Kam Cheung, Leung Wing
Tak, Wong Pak Chong, Suen Kam Shun
and Chan Kwong Lu.

CLUB DE RECREIO v. "TAMAR."

This match was played on the Kow-
loon F.C. ground and ended in a win
for the Club de Recreo by four goals
to one. The sailors' goal was the out-
come of a penalty awarded against
Ogley in the first half of the game. The
Club de Recreo team showed to ad-
vantage in all departments of the game
and, but for splendid goal-keeping by
Wavish, the score might well have re-
ached double figures against the sailors.
Taking up the attack from the start,
the Club held the advantage through-
out and shots were sent in by all the
forwards, who showed good judgment
and combination. After Wavish, who
repeatedly cleared his charge, it eventu-
ally fell to a fine header by Brown.
The sailors rallied and made a deter-
mined attack on the civilians' goal,
Ogley then being penalized in the area
and this led up to the sailors making
the game all square, the interval score
reading: Recreo, 1; Tamar, 1.

The second half was a repetition of the
first, and although the sailors halves
played much better they failed to hold
the Club's attack. A fine shot from
Brown had Wavish guessing, but the
whistle sounded for an infringement
and the sailors were awarded a free
kick close in. Blake received from the
free kick, but failed to get past Ogley
and the Recreo, returning to the attack,
a defender handled during a scrimmage
in the Tamar's goalmouth and Gosano
gave the Recreo the lead from the spot
kick.

The Tamar got away from the centre
kick, but Remedios returned and,
swinging out to the right, Alves received
and sent to Gosano, who steered the ball
past Wavish. Keeping up the attack, the
Recreo soon increased their lead, Brown
racing away on the left and enabling
Gosano to score the fourth goal for the
Recreo. The final whistle sounded with
the Club de Recreo winning by four
goals to one.

The teams:—
Club de Recreo—Fernandez; Ogley
and D. Xavier; Souza, A. A. Remedios
and H. C. Remedios; Alves, Fuentes,
Gosano, Rocha and Brown.
Tamar—Wavish; Badcock and Lean;
Sands, Garter and Regan; Chadwick,
Summers, Shewing, Blake and Rowkins.
Referee: Mr. Baldwin.

UNIVERSITY v. MOSLEM CLUB "B."

By obtaining eleven goals against the
Moslem Club on the Garrison "B"
ground, The University put up a record
score for the season, the previous best
being nine, by the Surreys' Drums in
their opening game of the season. The
Moslem Club failed to score.

EAST SURREYS DRUMS RES. v. ST. JOSEPH'S BOARDERS.

By four goals to one, the Surreys beat
the Boarders on their own ground in
Section "B" of the League. The
Boarders held the military team until
a minute from the interval when Parker
scored for the Drums. After the change-
over ends the Drums added three more
goals. Parker, May and Hopper scored.
Figuerdo scored for the Boarders in
the second half.

ST. JOSEPH'S RES. v. MOSLEM CLUB "A."

By four goals to one, the St. Joseph's
Reserves beat the Moslem Club on the
Navy "B" ground. Haughton scored
twice for the College in the opening
half. After the change of ends, K. M.
Omar and Castillejo scored for the College
and Salim for the Moslem Club.

SOUTH CHINA "C" v. CLUB DE RECREIO "B."

On the Railway ground at Kowloon
South China beat the Club de Recreo
by two goals to nil. After
playing a blank first half, South China
put on two goals, both through Ng Tak
Wing. China fully deserve their win,
their forwards showing much the better
combination.

POLICE v. R.A.

The police fielded a weak side against
the R.A. on the South China ground.
Harle being absent from the defence.
The R.A. made several changes in their
team, Miles, a newcomer, scoring the
only goal of the first half. The play
was very even, and mostly in midfield.
Clarke being unable to save from a fast
shot by Miles. Being a goal down at
the interval, the Police tried to pull the
game round but shooting was wild.
Pulford put the R.A. further ahead;
and when the final whistle sounded the
Gunners were leading by two goals to
nil.

Referee: Mr. F. Smith.

ST. JOSEPH'S v. R.A. RESERVES.

For three quarters of the game, St.
Joseph's were attacking in their match
with the R.A. on the Garrison "B"
ground, but at the end had to be content
with one point. Playing strongly in the
first half, the College took the lead after
fifteen minutes' play. In the second
half, the College also opened strongly but
the R.A. took the upper hand before the
close and scored through Christie. Final
score: St. Joseph's, 1; R.A., 1.

YACHTING.

SATURDAY'S CHAMPIONSHIP RACES.

The first of the season's championship races was held on Saturday, when 21 boats turned out. All the Handicap class started—six Hayward Hays and seven Gaels and one Designs racing, as one class.

The course was from the Club to Lyemun Beacon, Cust Rock Buoy, Channel Rocks, and finish at the Club line. The distance was eight miles and a half. There was a light westerly wind at the start, which gradually grew lighter as the boats neared Lyemun. Just before the Beacon it calmed and the first boat just drifted round. It was poor until Quarry Bay was reached on the way back, but later blew fresh from the west, and the finish was made in a very good breeze. The Gaels, by virtue of hanging up to the Hongkong shore and getting the first of the freshening wind, scored her first win in the class. *Diana*, first home, taking third place and *Dorthea* second. *Hayward*, last season's champion boat in the Hayward Hays class, won the first race of the season, followed by *Bluenose* and *Admiral*. The *Lee Sing*, champion also last year, won in the mixed One Design, and *Gael* class. *Cladya* had bad luck in touching the Cust Rock Buoy and had to retire from the race.

HONGKONG, NOVEMBER 2ND, 1925.

THE NEW GOVERNOR.

ALTHOUGH the new Governor may have come fully prepared to find many changes in Hongkong we feel sure he will be very considerably surprised at the evidence of wonderful development which will meet him at every turn.

Realisation in this case, we imagine, will far exceed expectation, for it would scarcely be an exaggeration to say that since Mr. CLEMENTI was in the Colony previously the whole place has been transformed. And apart from the progress made with public works, the ordinary, every-day life of the community has altered—but whether for the better or the worse we should not care to venture an opinion.

Twelve or fourteen years ago taipans were satisfied with chairs and rickshaws. They had to be because there were no other means of conveyance. There was no road round the island and, of course, no motor road to the Peak. "Joy riding," however, has now become a fashion and it was with a smile, therefore, that we heard the new Governor was importing three or four Australian walters in order that he might still indulge his favourite form of exercise and recreation.

A jog-trot along Kennedy Road and back by the Praya might have been pleasant in 1912; we doubt whether it will be found so in 1925.

When Sir EDWARD STUBBS arrived upon the scene we had a full treasury and a rapidly expanding revenue. Leaving the strike and boycott out of consideration, the past six years, from the Government point of view, have, we suppose, been a period of absolutely unexampled prosperity. We say from the Government point of view advisedly because it does not follow—although it should do—that it has

been an equally prosperous time for the merchant. When the Government is exceptionally prosperous in periods of difficult trade we may conclude that the prosperity is not firmly established and that has been the case here during the last few years. We want to see Government revenue built upon steadily expanding commerce and not due to the influx of Chinese capital from the mainland, the owners of which simply want security and care nothing about a return upon their investments with the result that prices of land, property and shares all become excessively inflated. There is no doubt that during the greater part of Sir EDWARD STUBBS' regime the prosperity of Hongkong has been an unhealthy prosperity. We were riding for some sort of a fall even if there had been no strike. It had to come sooner or later and the boycott brought it a little sooner than was anticipated.

But while Mr. CLEMENTI will not have the luck with which to juggle that his predecessor had, we do not think he will regard the financial position of the Colony as unsatisfactory. He may be agreeably surprised to find that we have such a substantial credit balance as five millions. When he was here before a debit balance, we believe, was generally the rule. The estimates for next year, including a reasonable programme of public works extraordinary all of which will be paid for out of revenue, show a deficit of two and a half millions. By the end of 1926, however, trade will once more have got into its stride—surely that is not being too optimistic—so that there should be no fear of our returning again to the debit balance days.

But with each succeeding year our relations with the Chinese appear to grow more complicated so that the Governorship of the Colony is not now the comparatively simple matter of keeping us on the right lines and squaring revenue and expenditure. It embraces, in these days, many extremely difficult labour and social questions to which more and more attention will have to be paid. It is in this direction chiefly, we think, that residents will expect Mr. CLEMENTI to give them a lead. The British community are reasonable and will not expect the new Governor to solve our present trade problems by the waving of a magic wand, but they know his reputation as an Oriental scholar; they realise that his knowledge of the Chinese language will enable him to understand the Chinese point of view in a way that a man ignorant of the language cannot hope to do, and they are hoping that, in the long run, great good may come from it.

We give Mr. CLEMENTI a sincere welcome and can assure him that he may rely without question upon the loyal assistance and willing co-operation of every member of the British community in the work that lies before him.

It is notified that the name of the South China Heung Ah Co., Ltd., has been struck off the Register.

New electric cables are being installed in the Cathedral and a scheme is in hand to heat the Church Hall in winter.

A Reuter cable from Calcutta states that the Countess of Reading is making satisfactory progress towards recovery.

Attention is directed to Mr. Harry Ore's recital in the City Hall, to-morrow at 5.30 p.m. Mrs. R. Sanger will contribute four songs.

A series of Bible Studies will be held at the Helens May Institute on Fridays at 11 a.m. conducted by Rev. W. R. Robb. All women are invited.

The forthcoming marriage is announced of Sanitary Inspector Charles Strange, to Miss Florence Mabel Harris, of No. 15, Cowley Road, Brixton, London.

It is notified that Messrs. Thomson & Co. and Mr. L. T. Beddow, A.C.A., are qualified to perform the duties of auditors under the Companies Ordinance.

The annual general meeting of the Hongkong Boxing Association will take place on Thursday at 5.15 p.m. in the Board Room of Messrs. Jardine, Matheson & Co., Ltd.

The return of the cases of notifiable diseases which have occurred in the Colony of Hongkong during the 24 hours ended October 29th gave one Chinese case of enteric fever.

Sunday, November 15th, is to be observed as V.D.A. Sunday and members of the Victoria Diocesan Association are asked to be present at the Cathedral services on that day.

A special fancy dress dinner dance is to be held in the Grill Room of the Hongkong Hotel on November 11th. Particulars of this event appear in our advertisement columns.

The marriage of Mr. A. E. Lissaman, of the P.W.D., to Miss D. G. Ranger, late of the A.P.C., is arranged to take place in London early in January. Mr. Lissaman proceeded on Home leave by the s.s. *Kibia* on Saturday.

Yesterday was All Saints' Day and the Boy Scouts, Girl Guides and Brownies attended the eleven o'clock service at St. John's Cathedral when the address was given by the Scout Commissioner, the Rev. G. T. Waldegrave.

The *Gazette* notifies that the United States air mail postage rates have been amended as follows:—San Francisco—Cheyenne, 12 cents per ounce or fraction thereof; Cheyenne—Chicago, 16 cents; and Chicago—New York, 44 cents.

At the Children's service at the Cathedral on November 29th, offerings will be made of toys or money for toys which will be sent to hospitals and institutions throughout the Diocese. This will take the place of Mrs. Black's Christmas Collection.

It is notified that a competitive examination for the Indian Civil Service, open to all qualified persons, will be held in London in July and August, 1926, and that copies of the regulations, syllabus of examination, and forms of application, to be filled up by the candidates may be seen at the Colonial Secretary's office.

Among the passengers arriving by the P. & O. s.s. *Kalyan* yesterday were Mr. A. H. Crook, the new headmaster of Queen's College; Mr. P. S. Cassidy, of Messrs. J. D. Hutchinson & Co., and Mrs. Cassidy; Mrs. Chevenix-Trench, wife of Major L. Chevenix-Trench, O.M.C., D.S.O., Royal Engineers; Mr. R. B. Lindell and Mr. E. Des Vaux.

Sir Claud Severn entertained the gentlemen members of the Cathedral choir to dinner on Tuesday, the 27th October. The chaplain, on behalf of the choir, presented Sir Claud with a silver salver suitably engraved. The high standard of the postprandial singing and speeches will not be forgotten easily, states *St. John's Cathedral Notes* for November.

In *St. John's Cathedral Notes* it is mentioned that the Church Body has sanctioned plans for a new organ pipe casing which will be placed above the screen in the side chapel. The complete scheme will make the chapel beautiful and dignified. The work is progressing rapidly and should be finished in December. The cost of the new case is about thirteen hundred dollars.

The P. & O. s.s. *Kalyan* arrived early yesterday morning with the Home mail via Suez (letters and papers, London, October 1st, and parcels, September 24th). A total of 504 bags of letters and papers were landed, of which 149 bags were from the United Kingdom. There were 129 bags of parcels from Home. To-day the s.s. *Cathala* is due from the North with Shanghai mail and letters from Europe via Siberia.

ordinary, every-day life of the community
has altered—but whether for the better
or the worse we should not care to ven-
ture an opinion. Twelve or fourteen
years ago taipans were satisfied with
chairs and rickshaws. They had to be
because there were no other means of
conveyance. There was no road round
the island and, of course, no motor road
to the Peak. "Joy riding," however, has
now become a fashion and it was with
a smile, therefore, that we heard the new
Governor was importing three or four
Australian waltzers in order that he might
still indulge his favourite form of exercise
and recreation. A jog-trot along Ken-
nedy Road and back by the Praya might
have been pleasant in 1913; we doubt
whether it will be found so in 1925.

When Sir EDWARD STUBBS arrived upon
the scene we had a full treasury and a
rapidly expanding revenue. Leaving the
strike and boycott out of consideration,
the past six years, from the Government
point of view, have, we suppose, been a
period of absolutely unexampled prosper-
ity. We say from the Government point
of view advisedly because it does not
follow—although it should do—that it has

been an equally prosperous time for the
merchant. When the Government in
exceptionally prosperous in periods of
difficult trade we may conclude that the
prosperity is not firmly established and
that has been the case here during the
last few years. We want to see Govern-
ment revenue built upon steadily expand-
ing commerce and not due to the influx
of Chinese capital from the mainland,
the owners of which simply want security
and care nothing about a return upon
their investments with the result that
prices of land, property and shares all
become excessively inflated. There is no
doubt that during the greater part of Sir
Edward Stubb's régime the prosperity of
Hongkong has been an unhealthy pros-
perity. We were riding for some sort
of a fall even if there had been no strike.
It had to come sooner or later and the
boycott brought it a little sooner than was
anticipated.

But while Mr. CLEMENTI will not have
the luck with which to juggle that his
predecessor had, we do not think he will
regard the financial position of the Colony
as unsatisfactory. He may be agreeably
surprised to find that we have such a
substantial credit balance as five millions.
When he was here before a debit balance,
we believe, was generally the rule. The
estimates for next year, including a
reasonable programme of public works
extraordinary all of which will be paid
for out of revenue, show a deficit of two
and a half millions. By the end of 1923,
however, trade will once more have got
into its stride—surely that is not being
too optimistic—so that there should be no
fear of our returning again to the debit
balance days.

But with each succeeding year our
relations with the Chinese appear to grow
more complicated so that the Govern-
ment of the Colony is not now the com-
paratively simple matter of keeping us
on the right lines and squaring revenue
and expenditure. It embraces, in these
days, many extremely difficult labour and
social questions to which more and more
attention will have to be paid. It is in
this direction chiefly, we think, that
residents will expect Mr. CLEMENTI to
give them a lead. The British community
are reasonable and will not expect the
new Governor to solve our present trade
problems by the waving of a magic wand,
but they know his reputation as an
Oriental scholar; they realise that his
knowledge of the Chinese language will
enable him to understand the Chinese
point of view in a way that a man ignor-
ant of the language cannot hope to do,
and they are hoping that, in the long run,
great good may come from it.

We give Mr. CLEMENTI a sincere wel-
come and can assure him that he may
rely without question upon the loyal
assistance and willing co-operation of
every member of the British community
in the work that lies before him.

TARIFF CONFERENCE.

SIR RONALD MACLEAY ON THE BRITISH POSITION.

SOME INTERESTING SUGGESTIONS.

(THROUGH REUTER'S AGENCY.)

PEKING, October 31st.

At yesterday's meeting of the committee on tariff autonomy, Sir Ronald Macleay stated that the British delegation was prepared to discuss the principle of tariff autonomy in the widest spirit; but it had to ask instructions from the British Government before making a statement.

There had been some interesting suggestions made and he would like time to consider them.

Mr. C. T. Wang presented the Chinese proposals for the abolition of *likin*. These provided that the provinces, beginning in December, 1925, should within six months prepare reports and simultaneously commissioners should be sent to the provinces to investigate. The results of the investigation within another six months should be jointly examined by the Ministry of Finance and the commission for the reorganisation of finance.

A fund should be provided to compensate for one year's *likin* and at the end of February, 1926, the plan would be completely executed.

WHAT IS MEANT.

The Chinese Memorandum with regard to the means of compensation for the abolition of *likin*, suggested by the Central Government, should provide in advance a special fund to compensate losses to provincial revenues, after the investigation, and remit "the various quotas to the provinces according to their respective annual deficits."

In this connection, two periods are proposed. During the first period, a portion of the increased revenue derivable from *surtaxes* would be appropriated. During the second, when tariff autonomy is enforced, appropriation will be made from the Customs' revenue itself. The Committee will meet again on Tuesday.

FIRST MEETING'S DOINGS.

PEKING, October 30th.

The committee on tariff autonomy held its first meeting this morning.

Mr. C. T. Wang and Mr. Tsai Ting Kan represented China, while the twelve Powers were all represented by Ministers, and certain advisers, experts, and secretaries were also present.

Mr. Wang was elected chairman. He presented the proposals which he submitted to the conference on October 26th. The representatives of all the Powers made speeches.

Mr. Hiroki, in a speech elucidating the nature of the proposals made on October 26th, said there were two alternatives in these.

The first plan was the inauguration of a Chinese statutory tariff with special tariffs on certain limited articles which would be agreed upon separately between China and the interested Powers.

The second plan was the inauguration of a graduated tariff at the rate provided by the treaties on the ground that a uniform tariff was unreasonable, unscientific and works to the detriment of Chinese and foreign trade.

Mr. Hiroki said the first plan was a simpler and more practicable means of setting China on the road to tariff autonomy.

Mr. Silas Strawn expressed America's willingness to go beyond the Washington Treaty and accord China the relief she desired, but the American delegation wished to be fully advised regarding the plan for abolition of *likin* which must be accomplished coincidentally with tariff autonomy.

It is understood the British expressed a somewhat similar view to America. The British are carefully considering the proposals brought forward, and are adopting a waiting attitude as the conference is only in the most preliminary stages at present.

WEMBLEY EXHIBITION CLOSED.

THE DUKE OF YORK READS MESSAGE FROM KING.

"LESSONS IT HAS TAUGHT."

LONDON, October 31st.

Despite a heavy fog, there was a crowd waiting at the turnstiles before 3 a.m. to-day, anxious to be present at the closing ceremony.

The Duke of York, through amplifiers, addressed the audience, which packed the stadium.

He read the following message from the King: "The Exhibition marks an important stage in the history of My people both at Home and Overseas. It has not only taught us much of the productive capacity of the Empire, but has stimulated legitimate pride in our past achievements as well as increased our sense of responsibility for the years to come. I pray that those lessons will not be forgotten and that, under God's guidance, our Commonwealth of nations and mankind in general may strive to attain that spirit of mutual trust and confidence without which the peace and happiness of the world cannot be secured."

"EMPIRE EDUCATION."

The Duke of York dwelt on the strenuous and self-sacrificing labour of the Governments of the Empire, and the Executive Council Board and its administrative staffs, in carrying out a great Imperial undertaking. He said the decision to continue Wembley for a second year had been amply justified. Doubt no longer existed that the Exhibition had completed the task of Empire Education.

MANY TURNED AWAY.

Wembley passed to-night amid scenes livelier than any in its two years' history. Over 100,000 people swarmed the grounds. At the final farewell, crowds clamouring for admission to the tattoo. Tens of thousands were turned away. Over 50,000 persons witnessed the final performance, every available nook being occupied. Ticket touts made a veritable harvest; some are believed to have turned over several hundred pounds in the course of a few hours by selling two shilling tickets for a sovereign apiece.

The last thing seen of the Great Exhibition by the dispersing crowds was the searchlights playing the figure of St. George. The total attendance of the year up to last night was 8,500,000, compared to 17,500,000 last year.

SCOTLAND BEAT WALES.

At Cardiff to-day, in fine and sunny weather, Scotland defeated Wales in the annual 'soccer international fixture, by 3 goals to nothing.

There was a crowd of 25,000 present to watch the game.

BAD LUCK FOR WALES.

After two minutes' play, Keenor, the Welsh centre-half, twisted his knee and retired. He was unable to return, necessitating rearrangement of the team.

Scotland had more of the play, but the Welshmen—despite their handicap—made a good stand up to half-time when neither side had scored.

The Scottish defence dealt capably with the spirited Welsh attacks in the second half.

After twenty-nine minutes' play, Duncan finished a right wing attack by scoring with a low shot just inside the post. Ten minutes later McLean shot high into the net and three minutes from the finish, Clunas netted with a long shot, giving Scotland the victory, by 3 goals to nil.

SUCCESSFUL WIND-UP TO SEASON ON SATURDAY.

PRINCE GEORGE A WINNER.

As a wind-up to the season, the Polo Club held a gymkhana on their ground at Causeway Bay on Saturday afternoon, when H.R.H. Prince George was amongst the competitors. In the polo ball race, he secured first place with his partner, Lieut. Edmonstone, R.N.

The weather was ideal and the pavilion and lawn were filled with a large number of spectators.

The gymkhana opened with a four *chukka* game of polo between teams representing the Club and the Army, when the latter won by 3 goals to 1. The teams were:

The Club (Red).—E. L. Judd, back; J. L. Bartholomew, No. 3; F. A. Pollock, No. 2; W. T. Stanton, No. 1.

The Army (Black).—Capt. Oxspring, back; Lt. Wright, No. 3; Lt. Davies, No. 2; Lt. Webb, No. 1.

The second event was the Victoria Cross Race, which necessitated skill and agility. Competitors had to negotiate a hurdle, dismount, pick up a wounded man and carry him back over the hurdle past the winning post. A large number competed. Mr. A. H. Potts won.

The third event was a Polo Ball Race. At a given signal riders lined up two deep in front of the pavilion, first line riders had to hit their respective balls, while the second was hit by second line riders, after that alternately the balls had to be driven round the course through posts and around through goals in centre of field. Riders hitting out of turn or hitting wrong ball were disqualified.

The winning pair were H.R.H. Prince George, R.N., and Lieut. Edmonstone, R.N.

Miss Monroe and Mr. Charles won the Ladies Nomination Race which was thoroughly enjoyed by the large gathering.

Mr. Andrews won the Musical Chacon Competition. This was a hilarious performance. All competitors riding their ponies, bare-backed, circumscribed a space within which were a number of chairs. At a given signal they all dismounted and rushed for seats, many in doing so they had still to retain hold of the bridle reins. Some of the competitors pulled at the steeds with all their strength, but their steeds were stronger than they.

At the competitors were eliminated and the chairs grew less, uproarious laughter greeted the efforts of the remaining rivals. Often two competitors took a chair simultaneously, and sometimes one sat in another's lap. It was a capital event.

The last item also did not lack hilarity. It was the Baladeau Mée in which four teams competed. Each side sported on their helmets a feather of distinctive colour—red, blue, yellow or white. Each cavalier was

MARRIAGE LAW CHANGES.
THE NEW ACT.

[By ARTHUR S. MAY,
Author of "Marriage in Church," "Chapel
and Register Office," etc.]

The rising generation takes little interest, as a rule, in Acts of Parliament, but one came into force on October 1st, which will affect it considerably.

In Victorian days it was customary in "polite society for the eligible suitor formally to request the lady's father for permission to propose for his daughter's hand. It is doubtful if he does that to-day, but if she is under age he still has to ask her father for his consent before he can marry her properly. Under the new law he will have to ask her mother as well. The careful father always did talk it over with his better half, probably months before the crisis came upon him, but he had, as it were, the casting vote. Henceforward, both parents of a daughter under age will have an equal voice in determining the future of their child.

IF DAD SAID "NO."

If the father refused it used to be fatal; young people had to wait until they attained their majority, unless they ran off to Scotland or got married in some underhand way. Now, if harmony vanishes and father and mother come to a dead-lock—or even, it would seem, if they are both set against the marriage—hope need not be lost. From the domestic forum an appeal may be made almost anywhere—to the police-court, the county-court registrar, or the High Court itself; and so far as the wording of the Act is concerned, it seems open to go to all of them one after another, and worry a father to death!

During the war this necessity of the father's consent if he was alive, led to no end of trouble. If the father were mentally incapable of giving consent at all, those who could afford it could apply to the Chancery Division, but then they never had the time for that. Often the soldier was home on a few days' leave for the purpose of his marriage, and was held up by the necessity of finding the bride's father. He might have gone to Australia. Even if he had never seen her father in her life, he had still to be found. Sometimes the search failed and the marriage fell through, if it could have been postponed for three weeks, the parties could have put up the banns and got married without difficulty.

Even where father and mother had been divorced, the father must be found and the mother disregarded.

A DIFFICULTY REMOVED.

This is remedied by the new Act, which provides that where any consent which is required by law cannot be obtained because the person entitled to give it is absent, inaccessible, or under any disability, the marriage is not necessarily prevented. If there is another person whose consent is also required, that may be accepted as sufficient. If there is no one else, then the Master of the Faculties or the Registrar-General may allow the marriage, or one of the Courts can be applied to.

Where there has been a divorce, both the parents will lose their rights as such, and the person to consent will be the custodian of the children appointed by the Court.

THE UNMARRIED MOTHER.

Another remarkable innovation is the recognition of a right in the unmarried mother to consent to the marriage of her child under age. This is absolutely new law, for an illegitimate child used to be said to have neither father nor mother. At one period an illegitimate minor had to go to Chancery to get a guardian there to consent to the marriage, but for many years no consent whatever has been required.

There are a number of new rules regarding the appointment by parents of guardians to act after their death. One cannot go into them here, except to say that where no such guardian has been appointed, the surviving parent has the sole right of consent.

What is more important is that the clergy need not trouble themselves overmuch over this Act. A year or so back there was a movement among them to require written consents before they married minors, but they will hardly think of it now. Their difficulties will only arise when someone forbids the banns, and then indeed they will be forced to go into the matter and read up the Act. That will be once in a blue moon.

It will be otherwise with civil registrars. Minors who go to a register office will find themselves compelled to produce the necessary consents in writing, and the forms for that purpose are now in the hands of the printers.

YOUTH'S TASK.

PRESENT GENERATION'S TOUGH PROPOSITION.

Spirited defence has been made by young men of England against the allegations of a series of articles in one of the London papers.

"Our generation is up against a tougher proposition than any preceding generation," writes one, who says he is 23. "Jobs are few, money is scarce, and competition is greater to-day than it has ever been. And in spite of all this, I don't think we are doing so badly. We don't grouse and grumble much, nor do we fling abuse at the generation that landed us all in this delightful mess. We haven't the time. We have to get on with the job or go under."

(Continued on next column.)

BOURGEOISIE WANTED.

SOVIET CONFESSES FAILURE.

The hated "intelligentsia" are to be forgiven their possession of superior brains! The tortured bourgeois classes in Soviet Russia to be received back into the bosom of the proletariat!

Such, in effect, is the gist of a remarkable announcement, published in the *Izvestia*, that, according to a decision passed by the Central Committee of the Communist Party, all fully qualified engineers, professors, and savants with University education will no longer be persecuted. Indeed, they are even to be granted the inestimable privilege "of leading a more human form of life, and will be granted numerous privileges."

Among these privileges are: The right to admit their children to the Soviet schools; the right to serve on juries in the Soviet Courts when one of their own class is on trial; special facilities for housing; themselves more comfortably; and certain relief in the matter of taxes. This decision has been made mainly because the Bolsheviks have discovered that, owing to the lack of proficient engineers and efficient managers, the task of attempting to restore Russia's industries to pre-war prosperity has been a lamentable failure.

The Communist Party, according to the *Izvestia*, hopes that the hand of the proletariat, now outstretched "will be grasped with enthusiasm" not only by those few scientific experts who survived the terror and have been leading the life of pariahs even since, but also by the thousands of highly-trained Russian exiles in foreign countries.

RED TRAINING FAIRS.

After eight years of a deliberate policy of extermination, in the course of which over a million representatives of the "intelligentsia" have either been massacred or driven out of the country, this sudden manifestation of affection is only understandable on the assumption that the transformation of grown-up but practically illiterate manual workers into a new "proletarian intelligentsia" through the agency of that educational hothouse, the "Workers' University," has been an utter fiasco.

It is reported that the Soviet Government intends to make the celebrations of the 20th anniversary of the Russian Academy of Science next September the occasion for another attempt to bring about a "reconciliation" between Bolshevism and the remnants of the Russian intelligentsia.—*Observer*.

"With few exceptions," another youth protests "we are greatly misunderstood. But among those exceptions we have one great champion of whom we are very proud. The greatest youth that ever lived. And who could call Sir James Barrie anything but a youth? Sir James Barrie did not create Peter Pan. God created Sir James, and Sir James drew a faithful picture of his own heart. That is all."

Our is a rough and difficult road, yet our elders could make it a little easier for us if, instead of pointing out our faults and limitations, there were a few more who, like Sir James Barrie, would say "Courage, my children, and greet the unseen with a cheer."

THE REAL BOUNDERS.

Another correspondent, an Oxford undergraduate, writes bitterly:

"The parsons call us wastrels and libertines, while Carlton Club colonels damn us as milkops and complain of our lemonade and our Socialism." He is sure, he says, that drunkenness is rarer than it was, and that there have never before been so many teetotalers in the University of Oxford.

We must, however, confess that the circle of dissipation has been enlarged, and that clerks and shopkeepers indulge in aristocratic pleasures which would have shocked the middle-class puritanism of their predecessors.

The same writer insists that the people who have gone most seriously wrong are the older folk—not youth at all. "It is folk in the thirties and forties who fill the law Courts and the night clubs, he writes.

The Gordian Knot of Tropical Debility.

The Gordian Knot was one of the problems of Classical Times. The most famous men could not undo it. And then, Alexander the Great found the easy solution—overlooked by thousands—with a single stroke of his sword he cut the knot in two.

How many thousands are baffled by the Gordian Knot of hot climates—Debility? They unravel one knot, only to find another; they fall from one sickness into another; each complaint rendering them more liable to the next.

And an easy and quick solution of this problem is at hand: go to the cure of well-being, viz, the cells. Remove the cause of all those different complaints by strengthening the worn out cells of body and nerves with SANATOGEN.

Sanatogen infuses into the blood the very elements—phosphorus and albumin—which are necessary to re-build every cell of your body and so restores normal digestion, enriches the blood and reinforces the entire system.

Sanatogen will solve the knotty problem of Health in the tropics. It will give you new strength and energy and thus enable you to enjoy life to the full.
